No. 12.—The following notification of the Government of India is republished:—

FINANCE DEPARTMENT.

(Accounts and Finance—Private Secy.)

Bombay, the 1st April 1917.

No. 745-P.

The Government of India are anxious that their officers of all grades will wish to support the Indian War Loan and to apply their savings for as long a period as possible to Government in the Loan. The ordinary procedure for subscribing to the various sections of the Loan is described in the Finance Department's Notification No. 348-P., dated the 1st March 1917, from which it will be seen that Post Office 5-year Cash Certificates offer full facilities for the accumulation of savings throughout the coming year up to a maximum amount of Rs. 7,500 by any one person, and that it is also possible to diversify subscriptions to War Loans 1915-1917 and War Bonds 1915 by payment of the amount applied for in the instalments to be deducted from his pay. It is also possible to obtain Cash Certificates to be obtained by deduction from pay.

2. They have accordingly obtained the Secretary of State's approval to the scheme described in Appendix A to this Notification. This scheme is applicable to all Government officers. It enables any Government officer to obtain War Loans 1915-1917, War Bonds 1915 and War Bonds 1917 by payment of the amount applied for in the instalments to be deducted from his pay. It also enables Cash Certificates to be obtained by deduction from pay.

3. There may, however, be officers who feel that by a prolongation of the period of saving, they will be enabled to take up a larger amount of the Indian War Loan, which, also, there may be Government servants who are unable to afford so large a monthly deduction as Rs. 10. To meet such cases, the Bank of Bengal have offered to make available to Government

- Rs. 10. To meet such cases, the Bank of Bengal have offered to make available to Government servants serving in the marginally-mentioned Provinces the facilities which they have arranged that they will place at the disposal of approved borrowers to enable them to contribute to the Indian War Loan. The Government

of India have much pleasure in placing on record their appreciation of this public spirited offer of the Bank of Bengal, and they have decided to co-operate with the Bank of Bengal by arranging, on a request from the officer concerned, to deduct from the latter's pay, and pay to the Bank of Bengal, the amount due each month for the repayment to the Bank of the advance. This scheme will be alternative, and not in addition, to the scheme described in the preceding paragraph, and an officer will not be permitted to subscribe under both schemes. The terms of the scheme of the Bank of Bengal are set out in Appendix B.

4. The Bank of Bengal's scheme is for the present open only to officers serving in the Presidency of Bengal and the Provinces mentioned above. The possibility of applying a similar scheme to Government servants serving in the Provinces of Bombay and Madras is under consideration.

J. B. HARTLEY,
Secretary to the Government of India.

No. 14.—The following notification of the Government of India is republished:—

FINANCE DEPARTMENT.

(Accounts and Finance—Public Debt.)

Stock, 26 1914 April 1917.

No. 885 W.—In their Finance Department's Notification No. 714 F., dated the 26th of April 1917, the Government of India published the details of two schemes which had been devised to assist Government servants in subscribing to the Indian War Loan by means of monthly deductions from their pay. The first scheme, which enables the monthly payments to be spread over 10 months, was made available to all Government servants throughout India; but the second scheme, in which advantage was taken of an offer of the Bank of Bengal to prolong the period of payment to two years, was at the outset confined to officers serving in the Bengal Presidency and in certain other Provinces in which the Bank of Bengal operates. The Government of India have now much pleasure in announcing that the Bank of Bombay and the Bank of Madras have agreed to make available to Government servants employed in the marginally* noted areas the same facilities for subscribing to the War Loan by means of 24 monthly deductions from their pay as are afforded by the Bank of Bengal's scheme.

Accordingly the Government of India, on a request from an officer who desires to subscribe in this way to the Indian War Loan, will direct from his pay and pay to the Bank the amount due each month for repayment of the Bank's advance. The terms on which advances will be made by the Banks of Bombay and Madras are in all respects similar to those of the Bank of Bengal scheme, as described in Appendix B to the notification of the 26th of April 1917; and, as stated in paragraph 2 of that notification, the scheme will be elsewhere and not in addition to the Government scheme described in Appendix A.

2. It is also notified that the Bank of Bengal scheme is applicable to officers serving in the United Provinces, Azam and Delhi in addition to the Provinces noted in the margin of paragraph 2 of the notification of the 26th of April.

Acting Chief Secretary.

Rules for the appointment of chairman of union panchayats by election.

1. The election of chairman in any union panchayat in which the privilege may be conferred shall be conducted in accordance with the following rules.

2. The election shall take place at a meeting of the panchayat specially held for the purpose, of which at least fourteen days' and not more than twenty days' notice shall be given by the President of the taluk board in whose jurisdiction the union is situated.

The member will then privately place a mark (x) against the name of the candidate for whom he votes and deposit the slip of paper in the ballot box.

The chairman or the presiding member shall then open the box and count the votes in the presence of the union panchayat. The candidate having the largest number of votes, or, if only one candidate has been nominated, such candidate, shall be considered to have been elected to the office.

(b) No candidate nominated for the office shall take part in the ballot, but a candidate may withdraw his candidature at any stage, with or without the consent of his nomination, after which he shall be competent to take part in the ballot.

6. Immediately after the meeting, the proceedings shall be submitted to the President of the taluk board with the names of all the members who attended the union. No election shall be considered valid until fifteen days after the meeting at which it shall have been held.

7. The validity of any election may be questioned by a petition signed by two or more members and submitted to the President of the taluk board within seven days after such election. Upon the receipt of such petition the President of the taluk board shall proceed to inquire or depute a member of the taluk board to inquire into the matters alleged therein:

Provided that the validity of an election shall only be questioned upon any or more of the following grounds, viz:—

- that the election was not held in accordance with the rules.

8. When seven days from the date of the election have expired, and no petition questioning the election has been received, or, if any such petition has been received within the time fixed, then upon the conclusion of the inquiry into the matters alleged therein, the President of the taluk board shall arrange for the notification of his appointment of the successful candidate in the district gazette. The decision of the President of the taluk board on such petition shall be final.

9. If at an election two candidates receive an equal number of votes, or if the election is declared voided, the President of the tank board may order a fresh election in the manner above mentioned. If the second election also proves abortive or is declared voided, the vacancy shall be filled by nomination by the President of the tank board.

10. In the event of a *cessa panchayat*, which has been called upon to elect a chairman failing to do so at the date fixed under rule 3, the President of the tank board may, upon good cause being shown for the failure, fix a second date for the election. Should good cause be not shown for the failure to elect on the first date fixed or should failure come on the second date also, the vacancy shall be filled by nomination by the President of the tank board.

GOVERNMENT TRAINING SCHOOLS IN THE FOURTH CIRCLE.

The Inspector of Schools, Fourth Circle, hereby notifies for the information of the other Inspectors of Schools, the Assistant Inspectors, the Sub-Inspectors and the Managers of school schools that candidates of the Elementary grade will be admitted for training in the Government Training Schools under his charge as shown below:—

Serial number.	Name of Institution.	Number of students available.		Total.	Date of admission.
		Elementary Higher.	Elementary Lower.		
1	Government Higher Elementary Training School for Boys, Madurai.	15	10	25	1st June 1912.
2	Government Lower Elementary Training School for Boys, Madurai.	..	20	20	1st July 1912.
3	Government Higher Elementary Training School, Madurai.	60	10	70	Do.

5. The period of training is two years in the case of the students of both the Elementary Higher and Lower grades.

3. The Inspector of Schools, Fourth Circle, will make the selection on the recommendation of Inspecting Officers.

4. Inspecting Officers are requested to forward two lists—one of selected and the other of rejected candidates.

5. The lists of selected and rejected candidates should be forwarded to the Inspector of Schools, Fourth Circle, by the Inspecting Officers before the due date. The names of selected candidates should appear in the list in the order in which the Inspecting Officers wish they should be taken, i.e., they should be started in preference in three general categories: teachers, their wives or widows, and their sons. Candidates who do not satisfy the condition of age limit under rule 118 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, so far as possible, by rule 115. In the case of rejected candidates, the reasons for rejection should be mentioned against each.

6. To provide for the contingency of some of the candidates selected not joining the Training School, a few more than the sanctioned number will be selected by the Inspector of Schools. All selected candidates who present themselves at the Training Schools on the opening day will be admitted; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned vacancies.

7. The list should include no one who has not been a teacher before or afterwards when there is a doubt whether he really intends to make teaching his profession.

8. In the selection of candidates for training, those who were awarded stipends last year but were refused admission on account of their not appearing in time might have a first shot for admission.

9. In addition to Permanent stipendiaries, candidates whose stipends are paid by Local or Municipal Boards will be admitted for training, as also private candidates as free students. No Provisional stipend will be sanctioned for teachers who hold permanent appointments in Board and Municipal schools, or who hold sub. gov. sch. appointments in permanent vacancies or who have been given provisional appointments by Presidents of Local Boards who employ them. In the case of these teachers, their information should be given in the application regarding the nature of the appointment held by them (permanent, temporary, sub. gov. sch. or acting in the case may be) and whether the Presidents of the Local Boards consent are prepared to pay stipends on behalf of the teachers recommended by them. The applications of these candidates should invariably be signed by the Presidents of the Local Boards.

10. As regards the qualification for admission, only those candidates, who have passed the second examination of the third form or seventh standard and have been found fit for promotion to the fourth form, or have been awarded an Elementary school-leaving certificate of the seventh standard, are eligible for admission into the Elementary Higher class and only those who have passed the late Primary School Examination at a corresponding public or school examination or whose attainments in the papers of the Inspecting Officers are not lower, are eligible for admission into the Elementary lower class. Preference should be given, so much as possible, to candidates whose educational attainments are above the minimum requirements. The medium of general education should be noted in application with the candidates. The certificate of physical fitness will be produced only by the candidates above 18 years of age. Separate medical certificates need not be submitted by candidates whose applications are signed by an Inspecting Officer.

11. In cases in which the number of candidates applying for training is in excess of the number for whom there is provision, the selection should be made on the result of an entrance examination conducted by the Sub-District Inspector of Schools. The number of stipends available for each stage is the same as that available in previous year.

12. Printed forms of applications can be obtained from the Inspector of Schools or from the subordinates (inspecting officers).

13. Applications completed in accordance with the above instructions should reach the Inspector of Schools, Fourth Circle, before the 5th May 1917.

14. Only Permanent teachers whose certificates in Tamil should be recommended for admission into the Government Panchama Training School, Madras.

15. There is a hostel attached to each of the Training schools. Of the students selected and admitted into the Training schools, those who do not live with their families or with relatives will be required to become members of the hostels. In the hostel attached to the Government Higher Elementary Training School, Madras, only Brahmin students will be admitted.

Candidates who do not satisfy the requirements of the school from which they apply for training should not, except in very special cases, be included in the list and the names should be reported as far as possible by such special cases.

115. In the case of rejected candidates, the reasons for rejection should be noted against each.

6.
